

Baseball Academies

Students enrolled in SD23 have a unique opportunity to participate in a program that allows them to develop and improve their baseball skills and gain course credits. Baseball coaches provide a high level learning and training environment for student athletes. The program's long-term goal is to enhance a student's confidence and self-esteem with individual baseball skills, to promote a life-long learning and perseverance.

The program is open to players of all skill levels, male or female; however, the main focus will be to attract keen students who wish to improve their skills and wish to maximize their own potential both on and off the field.

[Baseball Academy at Rutland Senior](#)
